# Corporate Membership Employees

IAQA Corporate Membership allows for two individuals to be listed as voting members of the organization, though all employees are eligible for member benefits, such as discounts on events. List the employees you would like to be covered under your Corporate Membership below. To fill out discipline, profession, and specialty areas, use the table at the bottom on the page.

*Note: Employees can be added online later, if needed.*

| Name | Email | Discipline | Profession | Specialty Areas |
|------|-------|------------|------------|-----------------|
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
|      |       |            |            |                 |
